## Laboratory Technical Bulletin

Date: 8/30/22

Effective Date: Immediately

Title: HIV Testing to be done at Mayo Clinic

Test: HIV Screen

Explanation of change: Due to a vendor issue with HIV reagent, all HIV screens will be sent to Mayo Clinic Laboratories. It cannot be determined when reagent will be available; the switch back to in-house testing will be done as soon as possible.

	Old	New
<i>Perform Site</i>	CMC Laboratory	<b>Mayo Clinic Labs</b>
