Effective Date: November 29, 2022

Title: Blood Components Name Change in TAR

Explanation of Change: When ordering products in TAR, the blood component terminology for Platelets and Plasma have been updated to reflect the proper product names of what is stocked by the Blood Bank. The products themselves have not changed.

	Old	New
Component Name	Apheresis Platelets	Platelets
Component Name	Fresh Frozen Plasma (FFP)	Plasma Frozen within 24 hours (PF24)
