Title: Tissue Order Form Updates

Explanation of change: Effective 12/15/25, the Tissue Order Form (36018) has been updated to require a patient label to be printed from Epic and placed on the form. Outdated versions of this form and forms without a patient label will no longer be accepted and tissue will not be dispensed. If Epic access is needed to print labels, place an Xtensys Service Delivery Ticket and refer to ticket XSD-63020.
